A LETTER FROM OUR LEADERS

GEORGE E. JUNKER II / Chair / Margaret Mary Health Board of Directors
LIZ LEISING / President / Chief Executive Officer / Margaret Mary Health

As we reflect on the past year, we are filled with gratitude and pride in the progress we've made toward transforming healthcare delivery in southeastern Indiana. We are steadfastly dedicated to delivering compassionate care and exceptional service to our patients. We remain committed to setting the standard for healthcare excellence in our rural communities.

Over the past year we have continued to elevate our medical expertise, invest in state-of-the-art technology and uphold rigorous safety standards to ensure the well-being of our patients. Our partnership with The Christ Hospital Health Network brings high-quality cardiovascular care close to home with convenient access to specialists from one of America's leading heart programs. In addition, we've expanded access to care by adding family and internal medicine providers, as well as a new orthopedic surgeon and a physician specializing in physical medicine and rehab.

Looking ahead, we're excited to watch our vision unfold as we move closer to the opening

of our new hospital in 2026. One of our top priorities is creating a patient-centered care model designed to expand access, enhance convenience and improve the overall patient experience. This milestone represents our commitment to elevating healthcare delivery in our region while providing advanced facilities and services to serve our community for generations to come.

None of this would be possible without the dedication of our incredible providers, team members and volunteers. Their hard work, unwavering dedication and commitment to improving patient lives and the health of our community inspire us every day.

We extend our heartfelt thanks to each member of our Margaret Mary family and the broader community. Your trust, support and belief in us are deeply appreciated and we are truly privileged to serve you. Together, we are shaping the future of healthcare in southeastern Indiana—one that is compassionate, innovative and dedicated to your well-being.

NEW HOSPITAL CONSTRUCTION UNDERWAY

If you've driven by our Six Pine Ranch campus lately, you've likely seen the exciting progress we've made on the construction of our new 124,000-square-foot hospital. Located on Indiana State Route 229 just north of the I-74 Batesville interchange, the state-of-the-art facility will be located adjacent to the Margaret Mary Physician Center and Margaret Mary Outpatient and Cancer Center.

In an effort to enhance the patient experience, as well as the overall health of our community, the replacement hospital will serve as the anchor for an expanded health and wellness campus. Additional project features include a more extensive network of walking trails and more green spaces. The total cost for phase one of the campus expansion is estimated at \$115 million.

When completed, the new building will house MMH's emergency services department, imaging center, lab and operating suites, as well as inpatient and OB rooms. In addition to including the latest technology, the new areas have been designed to maximize efficiency in each space. Additionally, the surgical suites will be significantly larger, allowing for the ability to incorporate robotics and other advanced technologies in the future.

GBBN Architecture, out of Cincinnati, led the design for the new hospital, while Danis, out of Cincinnati, and Bruns-Gutzwiller, out of Batesville, are providing construction management for the project. The hospital construction is expected to be completed and open for patient care in 2026.

**‘I’M NOT FINISHED YET.
I’M GLAD TO BE HERE
FOR MY FAMILY.’**

HEART & VASCULAR / CHRIS KELLY

For many people, experiencing a life-threatening event often serves as a wake-up call to evaluate what matters most in life. After suffering a massive heart attack last winter, Milan resident Chris Kelly can relate.

“As a life-long business owner, I’ve always been pulled in many directions and worked long hours,” said Chris, who owns Kelly’s Hidden Acres Golf Course in Milan. “When you’re having a heart attack, none of that matters. Instead you think about your family — your kids, grandkids and wife.”

Chris was heading to work early one Saturday morning when he noticed intense pain in his chest and left arm. Without hesitation, he pulled alongside the road and dialed 911. When EMS arrived, he requested they transport him to MMH’s emergency department.

“My family has used Margaret Mary for everything through the years,” said Chris. “When I arrived, they acted quickly and were already making arrangements to determine the fastest way to transport me to (The) Christ Hospital. Within minutes, I was evaluated and on my way. Once at Christ, I bypassed registration and was wheeled right into the cath lab where three stents were placed.”

According to Chris’ medical records, his door-to-balloon time was an impressive 74 minutes. Door-to-balloon time refers to the time it takes for a heart attack patient to go from the door of the emergency department to the moment a cardiologist opens a blocked artery. The American Heart Association recommends a door-to-balloon time of 90 minutes or less for optimal results.

After spending two nights at The Christ Hospital, Chris was released home. Although he’s mostly back to his old self, he’s intentionally slowed down a bit and found ways to prioritize what’s important.

“If it wasn’t for the quick decision-making of the paramedics and hospital staff, I probably wouldn’t be here,” said Chris. “I’m not finished yet. I’m glad to be here for my family.”

The
Christ Hospital
Health Network

MMH is proud to partner with The Christ Hospital Health Network for our community’s heart and vascular needs. This partnership ensures our patients have convenient access to heart specialists from one of America’s best heart programs. To make an appointment with a cardiologist at Margaret Mary’s main campus in Batesville, call **812.717.4803.**

ORTHO & REHAB / SCOTT SMITH

In the state of Indiana, there's no denying Hoosiers take their basketball seriously. Last fall, Jac-Cen-Del Coach Scott Smith tore his Achilles tendon during tourney time. Having coached the Jac-Cen-Del Lady Eagles for 23 years, Scott didn't think twice about postponing his surgery and doing whatever it took to ensure he was there to help his team finish strong.

"I was at practice with the girls, and decided to jump in for warm-ups when I heard a tremendous pop and fell to the floor," said Scott. "With this being my last year as coach, it was unbelievably important to me to finish this one last ride with my team."

Scott immediately contacted staff at MMH who scheduled him for an MRI, as well as an appointment with Orthopedic Surgeon J.D. Stephens. Together, they arranged a plan to manage the injury until surgery could be scheduled following the tournament.

"Because Dr. Stephens was a former high school athlete himself, he understood how important it was for me to finish the season coaching," said Scott. "I found him to be flexible, thorough and caring."

Unfortunately, the Lady Eagles weren't able to bring home a state championship win, but Scott credits MMH for allowing him to be on the sidelines for game day. That following Monday, he underwent a successful surgery and is now on the mend as he undergoes physical therapy with MMH's rehab team.

"I would like to thank every single person who stepped in to care for me," said Scott. "You won't find this level of family-oriented care in a larger hospital. The staff was as vested in my success as I was."

'THE STAFF
WAS AS
VESTED
IN MY
SUCCESS
AS I WAS.'

OUR ORTHOPEDIC SURGEONS

If you suffer from conditions that affect your mobility or range of motion, our orthopedic surgeons offer both surgical and non-surgical solutions to treat your condition.

Available services include joint replacements, hand treatment, foot and ankle treatment, fracture care and sports medicine. To schedule an appointment, call **812.933.3765**.

WHERE FAMILY COMES FIRST.

SHELLI & ELAINA: MOTHER-DAUGHTER DUO

PHARMACIST / PHYSICAL THERAPIST

“It’s really cool to get to work together, especially when working toward the same goal of helping patients feel better. We have always shared a passion for healthcare and find satisfaction in seeing people return to the activities they love. We also love seeing each other while on the job. It’s unique to have a great relationship on both a personal and professional level.”

CLAYTON & KRISTIN: **HUSBAND-WIFE DUO** LAB MANAGER / NURSE

“Healthcare can be challenging yet very fulfilling. We love our careers because they allow us to have a positive impact on our community. Working together has also been a unique experience. It is fun to see each other in the professional setting and has led to a better understanding of each other’s roles.”

STACEY & KELLI: **SISTER DUO** NURSE / OCCUPATIONAL THERAPIST

“We enjoy helping our patients get back on their feet and love when they want to remain connected long after they have needed care. Working with family is also comforting. We have both worked in larger cities and agree there is more of a family-like environment here at Margaret Mary.”

PAIGE & TAYLOR: **SISTER-BROTHER DUO** NURSE / MRI TECH

“The team at Margaret Mary feels like family to us. We see our coworkers several days a week, learn about each other’s lives and support and rely on one another. This gives us a sense of being a family. Having a sibling at work is also great! We usually joke when we see each other by saying, ‘Get back to work!’”

**‘EVERYONE WAS FRIENDLY
AND ENCOURAGING. THEY
TREATED ME LIKE FAMILY.’**

CANCER CARE / BARB ESPINDA

Even with a family history of cancer, 80-year-old Barb Espinda was still caught off guard when she received her breast cancer diagnosis last fall. Fortunately, the Greensburg resident had two advantages in her favor. Not only did she find her cancer early, but she had Margaret Mary's cancer team on her side.

"It's a little startling to hear you have cancer, but I was grateful to know I could receive treatment close to home," said Barb. "From the reception staff to the doctors, everyone was wonderful. They were courteous and talked in terms that were easy to understand."

After having surgery to remove the cancerous lump, Barb was scheduled for 22 radiation treatments at Margaret Mary's Cancer Center to target any cancer cells left behind. At MMH, our state-of-the-art technology is designed to deliver a precise radiation dose to targeted areas while delivering the lowest dose possible to surrounding healthy tissue.

"I had a calendar at home where I marked each day off," said Barb. "Even though I was glad when my treatments were over, the staff made sure I was comfortable at each visit. Everyone was friendly and encouraging. They treated me like family."

Now that summer is in full swing, Barb is cancer free and thrilled her energy has returned in time to get outdoors and enjoy her favorite activities.

"When I was diagnosed with cancer, my only option was to fight," said Barb. "I'm grateful to be back to mowing, shopping and playing cards. With two sons and several grandchildren, I also have a lot of family gatherings in store."

CARE YOU CAN TRUST

Patients who choose us for their cancer care appreciate our comfortable facility and top-notch technology, but most important is finding an oncology team you can trust. Our services include chemotherapy and radiation oncology, as well as many support services. To learn more, visit mmhealth.org.

FOR ALL OF LIFE'S CHAPTERS.

THE WENNINGS: BATESVILLE

OBSTETRICS

“Delivering our baby was an incredibly positive experience. The facilities were comfortable and well-equipped, providing a reassuring environment during labor and recovery. The staff was supportive and knowledgeable, guiding us through each step with compassion and expertise. Everyone made us feel safe and confident. We’re grateful for the exceptional care we received and would recommend this hospital to any expecting parents without hesitation.”

THE HERMANS: GREENSBURG

HOSPICE CARE

“The hospice staff was remarkable. They must hire angels straight from heaven. The level of care and compassion they give is unexpected and overwhelming. I could never thank them enough for helping us care for my mom at home. They made the whole journey better.”

THE RYANS: BATESVILLE

EMERGENCY SERVICES

“Our daughter, Nellie, took a nasty fall off our swing set and had to be taken to the ER. As parents, we were panicking because a head injury is always a scary thing. However, from the second we walked in the ER to the second we left, Nellie received the utmost care and it helped ease our minds.”

ANNIE PETERS: METAMORA

TRANSITIONAL CARE

“I went into the hospital with the flu. After a few days, I still wasn’t well enough to return home so they let me stay longer so I could receive breathing treatments. There’s no way to describe the special care I received. Everybody was so sweet to me. I can’t brag enough.”

Care *for* Generations *to* Come

MEET OUR MEDICAL STAFF

At MMH, we pride ourselves on the talent and longevity of our medical staff. Whether you're looking for a provider for your family's general health needs or a specialist for a more specific medical concern, we have a healthcare professional that's right for you. Consisting of physicians and advanced practice providers, our medical staff is not only well-trained, but they genuinely care about the patients they serve. If it's specialty care you need, we're proud to partner with some of the nation's leading hospitals to bring cutting-edge services to our community. For oncology, cardiology, pulmonology and sleep medicine, we coordinate with The Christ Hospital Health Network. For GI concerns, we partner with IU Health. To learn more about our medical staff, visit us online at mmhealth.org.

HONOR YOUR CAREGIVER

Since 1932, MMH has been privileged to be an important part of

some of the most meaningful moments in our patients' lives. Whether providing a life-saving treatment or simply a kind word, our healthcare professionals are committed to making your experience a positive one.

Our Grateful Patient program provides you a meaningful way to thank the provider, nurse, therapist or other staff member who played a special role in your care. If you received exceptional service at an MMH facility, we invite you to recognize your caregivers by making a monetary gift to our Health Foundation in their names.

Caregivers who are recognized will be notified of the donation, as well as any words of appreciation shared in their honor. To donate, visit our Health Foundation online at mmhealth.org/health-foundation.

A LETTER FROM OUR LEADERS

BILL HILLENBRAND II / Chair / MMH Foundation Board of Directors
JONATHON MAPLE / Executive Director / MMH Foundation

As we reflect on the past year, we are filled with immense gratitude for the generosity of our community. The year 2023 was extraordinary for the Margaret Mary Health Foundation, and we are excited to share some of our accomplishments and our vision for the future.

Thanks to your support, we successfully completed the MMH Reflection Garden on the walking trail, a project entirely funded through philanthropic donations. Additionally, we awarded over \$200,000 in grants to Margaret Mary Health, enabling the acquisition of new equipment and providing support for our patients and team members. These grants have enhanced nearly every department within Margaret Mary Health.

Additionally, we saw a record number of attendees at our events and introduced a new fundraiser, the Stop the Stigma 5K, which you can read more about on a following page.

While we have much to celebrate, we recognize our work is just beginning. We believe strong community partnerships are essential to ensuring generations of care. Through collaboration, we can make a lasting impact on the health and wellness of each other. As we embark on this journey to transform the health and wellness of our community, we invite you to join us. Together, we can make a significant and lasting difference, ensuring a brighter future for generations to come.

JOIN THE
1932
SOCIETY

The 1932 Society recognizes those who have included the Health Foundation in their estate plans. Multiple giving options are available. A special thanks to our current members:

STOP THE STIGMA MARGIE'S STORY

After losing her son, Luke, to suicide in 2021, local resident Margie Schwegman made it her mission to share his story in an effort to stop the stigma surrounding mental illness. Thanks to Margie's vision, Margaret Mary Health Foundation hosted its inaugural Stop the Stigma 5K in September 2023.

With nearly 300 in attendance, the event brought the community together to show support for those affected by mental illness while remembering those we've lost to suicide. All proceeds benefited our Health Foundation's Addiction Services and Behavioral Health Fund.

"Through this event, I want people to know it's OK to not be OK," said Margie. "I want to put names, faces and voices to loved ones we've lost, and offer hope to those who are struggling now."

If you're having suicidal thoughts, call the 988 Lifeline for 24/7, free and confidential emotional support.

Join us for this year's event:
